CONTROL

Compatibilité et efficience

Soyez en contrôle de votre confort grâce à Manik Sys,
compatible avec tous types de thermostat et contrôlé à distance
par technologie WIFI.

Ayez ainsi le plein contrôle de votre confort, même à distance !

En toute discrétion

Ultracompact, le système ManikSys se dissimule dans les
endroits les plus restreints, oubliez les unités extérieures
encombrantes !

Protégée des intempéries par sa décharge d'air latérale,
l'infiltration de neige et de glace est évitée.

Take advantage of an exceptional
insurance program for unit
replacements. **Ask for details**
